SUMMARY

I am a dedicated computer engineering student with a strong foundation in web development, graphic designing, and robotics. Throughout my academic journey, I've engaged in various projects ranging from building interactive websites to creating innovative robots. My internships have allowed me to enhance my skills in graphic design and front-end development with ReactJS, while my passion remains in continuous learning and creativity.

EXPERIENCE

Graphic Designer

Akiyam Solutions

12/2022 - 05/2023 Remote

This Internship focused on graphic design.

- Learned Blender3D and ZBrush.
- Designed multiple game characters and weapon models.

04/2016 - 04/2017 Vijaypur

HSC Qualification

Shiksha Niketan Sr. Sec School

04/2019 - 04/2020 Jammu

Bachelor's in Computer Engineering

G H Patel College of Engineering and Technology

04/2020 - 01/1970 Anand, Gujarat

Minor Degree in Robotics

G H Patel College of Engineering and Technology

04/2021 - 01/1970 Anand, Gujarat

KEY ACHIEVEMENTS

Scholarship Achievement

Secured a scholarship of 2 lakhs per year through AICTE PMSSS

Sports Achievement

Played basketball at the state level.

SKILLS

Arduino	Blender	Kotlin	canva
React Native	Github	HTML	Javascript
Material UI	OpenCV	Oracle	
oracle database	Photoshop	PHP	Python
React js	React Router	react.js	reactjs
Robotics	SQL	sql database	Zbrush

PROJECTS

Volume Control Using Hand Gestures

01/1970 - 01/1970 Not specified

A project that allows volume control through hand gestures.

- Created a volume control system using hand gestures with OpenCV and Mediapipe.

Desktop Assistance

01/1970 - 01/1970 Not specified

A desktop assistant project utilizing voice commands.

- Developed a desktop assistance tool using Python with speech recognition.

Multicolor Website

01/1970 - 01/1970 Not specified

A web project for photo management.

- Developed a multicolor website to upload, store, and download photos.

Gym Management System

01/1970 - 01/1970 Not specified

A website for managing gym operations.

- Created a gym management system to handle registrations and training management.
- Backend data stored with SQL.
